## Catiline School Fees Remission Programme

In 2013, as part of our Silver Anniversary Commemoration, in pursuit of the objective of considering student enrollments on a “need blind” basis, we established the “Catiline School Fees Remission Programme”, with funds allocated by the School Board, to provide relief for qualified students with financial difficulties to study at Catiline.

In April 2020, due to financial hardships suffered by many parents due to the pandemic, we launched an “Emergency School Fees Remission Scheme” with a simplified review process. The assistance level is from 25% to 100% and it is open for N-K3 students who is currently studying or will study in Catiline Kindergarten/ International Preschool. All applicants have to submit income and asset information and such information is strictly confidential and only be used for application purposes only.
